

## **BLUEBELL RAILWAY JOB VACANCIES DEC 16-JAN 17**

### **INFRASTRUCTURE DIRECTOR (BLUEBELL RAILWAY PLC)**

As a PLC Board member, the Infrastructure Director has professional and technical responsibility for the provision of fit for purpose railway infrastructure and for the strategic direction of the department. The Infrastructure Director delegates day to day management of the department to the Infrastructure Manager, through the General Manager.

This is a volunteer post that carries no remuneration or specific hours of duty. However the successful applicant will require sufficient time and flexibility to effectively undertake this role and have the appropriate technical competences to meet the professional requirements of the post.

If you believe you have the right qualifications and experience for this job please send your CV to [lisa.boyle@bluebell-railway.co.uk](mailto:lisa.boyle@bluebell-railway.co.uk) or contact 01825 724884.

- Applications must be received by 16th February 2017.
- Bluebell Railway PLC, Sheffield Park Station, East Sussex TN22 3QL
- Bluebell Railway is an equal opportunity employer.

### **OPERATIONS DIRECTOR (BLUEBELL RAILWAY PLC)**

As a PLC Board member, the Operations Director has professional responsibility for the safe and efficient operations of the Bluebell Railway and for the strategic direction of the department. The Operations Director delegates day to day management of the department to the Operations Manager and the Locomotive Superintendent, through the General Manager.

This is a volunteer post that carries no remuneration or specific hours of duty. However the successful applicant will require sufficient time and flexibility to effectively undertake this role and have the appropriate competences to meet the professional requirements

of the post.

- Applications must be received by 16th February 2017.
- Bluebell Railway PLC, Sheffield Park Station, East Sussex TN22 3QL
- Bluebell Railway is an equal opportunity employer.

## **INTERPRETATION AND EDUCATION DEVELOPMENT MANAGER**

The Bluebell Railway is about to embark on its £1.4m Accessible Steam Heritage Project (ASH) with substantial support from the Heritage Lottery Fund.

The project will revitalise the way the railway both maintains and displays locomotives, by the provision of a new maintenance facility and substantial re-development of the existing running shed which will be partly converted and also extended to create an exhibition hall. This exciting exhibition will also include interactive displays showing how steam engines work and what it is like to drive them.

The purpose of the role of Interpretation and Education Development Manager is to ensure the new facilities are used to develop the railway as a venue for schools and family visitors. They will be involved in the detailed design of the exhibition.

The post holder will aim to inspire new and positive learning and involvement in the railway, to improve its role as a leading “living history” attraction, in four main areas; Visitor experience, education, community outreach and skills training for guides to augment visitor understanding.

The post holder will need to be able to demonstrate successful experience in either the education arena or public engagement within a museum environment.

It will be an advantage to have any of the following;

- An understanding and experience of a wide range of interpretive media.
- An up-to-date knowledge of schools and the curriculum, especially STEM subjects.
- Experience of developing and delivering events.
- Experience of working with, and managing, volunteers.
- An enhanced DBS certificate.

This is a fixed three year contract with flexible hours, 30 hrs/week including some weekend working.

If you believe you have the right attributes for this post and would like to discuss this opportunity, please email your CV and contact details to [lisa.boyle@bluebell-railway.co.uk](mailto:lisa.boyle@bluebell-railway.co.uk) or telephone 01825 724884.

Applications must be received by 9am on Monday 6th February 2017.

### **ASH PROJECT MANAGER**

The Bluebell Railway is about to embark on its £1.4m Accessible Steam Heritage Project (ASH) with substantial grant from the Heritage Lottery Fund.

The project will revitalise the way the railway both maintains and displays locomotives, by the provision of a new maintenance facility and substantial re-development of the existing running shed which will be partly converted and also extended to create an exhibition hall. This exciting exhibition will also include interactive displays showing how steam engines work and what it is like to drive them.

The role of the Project Manager will be to supervise all the activity during the building phases. These activities will include three building contracts; the design and delivery of the exhibition, project reporting and overseeing the work to be undertaken by the railway's volunteers in delivering the new visitor experience.

The post holder will need a degree, vocational or equivalent qualification in project management and able to demonstrate successful experience in that field, preferably in the construction industry.

This post is for contract work only. Flexible working hours to be agreed. This post is for 12-15 months from March 2017.

If you believe you have the right qualifications for this post and would like to discuss the opportunity, please email your CV and contact details to [lisa.boyle@bluebell-railway.co.uk](mailto:lisa.boyle@bluebell-railway.co.uk) or telephone 01825 724884.

Applications must be received by 9am on Monday 6th February 2017.

**LOTTERY FUNDED**
