Uckfield Bus Station	1135	1240	1350	1505	1620	1740

* = for Bluebell Railway

The **Bluebell Railway** will be running its usual service of steam trains between Sheffield Park, Horsted Keynes and East Grinstead throughout the day, connecting with the buses.

The bus services will be operated by a variety of heritage vehicles dating mainly from the 1950s, 1960s and 1970s and originating from local operators such as Southdown, London Country, London Transport and Maidstone & District.

As an additional feature of interest, it is planned to run some local trips from Sheffield Park station using a Southdown 1956 Guy Arab and from East Grinstead station using a London Transport Country Buses RT type AEC Regent from the 1950s.
